A little information about the coach in need:

Misty has coached in the valley for the past 10 years at Mountain Valley High School, where she also teaches art. She has helped with our Sand Dunes Volleyball Club over the last seven years. Misty is so much more than a coach: She has transported several of girls over the years to and from club practice twice a week (roundtrip 90 miles), traveled to numerous tournaments throughout the state, and has volunteered to help coach. She has helped several girls earn sports scholarships, has financially supported several of her players in need, emotionally is available to anybody she knows, and goes above and beyond helping her family, friends, and anyone in need. Misty is the last person who would ask for this help, but the first person who would want to help someone in the same situation!

*This is a great opportunity to help an amazing person who spends her time giving and giving to others while, having a super fun time playing volleyball!
